

Consortium Membership

**An opportunity to be
on the cutting edge
of Data Science and AI**

The Center

Robert Bosch Center for Data Science and Artificial Intelligence (RBCDSAI) at IITM is the leading interdisciplinarity Data Science and AI center in India and one of the few centers in the world focussing on applications in various engineering disciplines. We have one of the largest groups in the country looking at networked data across different disciplines and the top Deep Reinforcement Learning group.

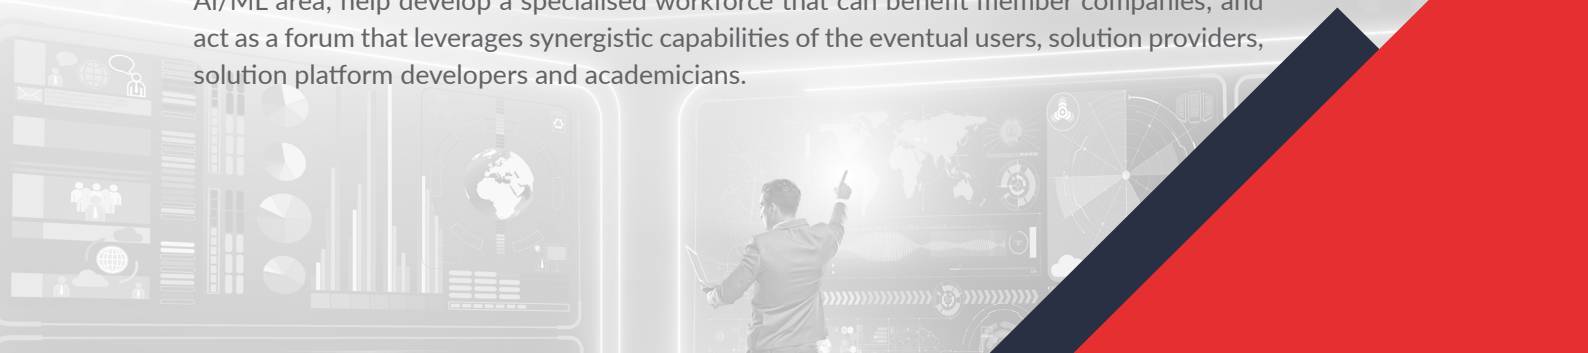

Areas of Research

- Deep Learning
- Network Analytics
- Reinforcement learning and Multi-arm Bandits
- Natural Language Processing
- Ethics, Fairness and Explainability in AI
- Theoretical Machine Learning
- System Architecture of Data Science and AI
- Financial Analytics
- Manufacturing Analytics
- Smart Cities and Transportation
- Systems Biology & Health care

The Consortium

RBCDSAI offers two levels Consortium Membership by invitation for eligible industry partners.

RBCDSAI Consortium Membership is an opportunity for the members to establish themselves early as key players in the Data Science and AI space, with the potential to secure new and significant revenue streams. The Consortium membership facilitates enhanced interaction with the RBCDSAI Research ecosystem; keep updated on latest developments in AI/ML area; help develop a specialised workforce that can benefit member companies; and act as a forum that leverages synergistic capabilities of the eventual users, solution providers, solution platform developers and academicians.

Platinum Benefits

- 1 Members will have a dedicated in-domain contact faculty as contact point
- 2 Free access to FOUR (4) RBCDSAI events, namely, Colloquia, Conclave, Industry Conclave, Workshops
- 3 Exclusive Two (2) Half Day Workshops per year with topics voted on by the consortium members from a slate
- 4 Early access to RBCDSAI publications, reports, datasets
- 5 Exclusive interaction with final year batch of students
- 6 RBCDSAI Platinum Consortium Member Plaque

Flagships RBCDSAI Events

The AI/ML Industry Conclave:

Showcases adoption of AI/ML techniques in the industry. Features talks and panel discussions by industry practitioners and academic leaders. Other activities include demo stalls by various AI-enabled startups and half-day tutorials on AI/ML tools by experts. Consortium members will get confirmed registration.

The RBCDSAI workshops:

Technical half-day workshops featuring tutorials by faculty and talks by research scholars on current research being carried out at the centre. Open only to Consortium members and special invitees. There will typically be 3 to 4 workshops in a year.

The Latent View

RBCDSAI Colloquium series:

This a series of talks by high profile international speakers on cutting-edge AI and data science topics. The talks are meant to be accessible to a larger audience. There will typically be 3 talks in a year. These are open to all with free registration on a first - come - first - served basis. Consortium members will get confirmed registration.

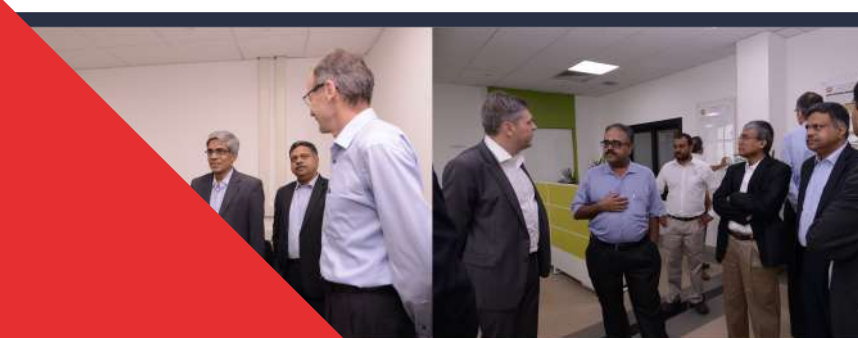

Annual RBCDSAI research showcase:

A half-day event featuring poster presentations from RBCDSAI students and research associates on their research highlights from the year. Consortium members will get exclusive time at the poster sessions and access to graduating research scholars.

Apart from these specific events, consortium members will receive announcements of all other events organized by RBCDSAI.

Silver Benefits

- 1 Free access to FOUR (4) RBCDSAI events, namely : Colloquia, Conclave, Industry Conclave, Workshops.
- 2 Exclusive Two (2) Half Day Workshops per year with topics voted on by the consortium members from a slate.
- 3 RBCDSAI Consortium Membership Plaque.

Join Us

Platinum Membership

Subscription Fee:

₹ 25 lakhs per annum + GST

Silver Membership

Subscription Fee:

₹ 2.5 lakhs per annum + GST

Validity and Renewal of Membership:

Your membership will become effective upon receipt and processing of your membership application and issuance of an invoice for Payment. Your membership renewal will be due each year before or on your joining date, the date on which your membership became effective. RBCDSAI will invoice you for your membership renewal approximately 60 days prior to the expiry date; you may request more advance notice if you wish.
